

# Liberty Imported Standard Range Ceiling Mounts

**Mark - V**

**Mark - VI**

**Mark - VII**

This imported product is made from Aluminium and Steel with strict Technical Standards and high Quality Control. It features easy installation as well as having a pleasant look in appearance. Designed to fit in to the most of LCD Projectors in view of adjustable design it is most likely that you will not need to buy a new Projector Mount when you change a projector.

## Features :-

- 1) Ideal for light weight projectors
- 2) Universal design makes it suitable for 90% of projectors on the market today.
- 3) Professional design and easy installation.
- 4) Have ability to **close fit** to the ceiling, just by not using the drop bar / Column provided.
- 5) Safety and convenience in cable Management – Put the cable in to the hole of the drop bar / column after removing the metal tab in the side slot on the drop bar / column so as to give you safety and convenient reliability in cable management.
- 6) The smart off white appearance will compliment most modern projectors and blend with the background. another benefit is the fact that the clutch arms are usually not visible from the ground level
