

## GIANT ENGINEERING ELECTRIC SCREEN

Engineering grade giant electric screen with heavy duty motor is the best choice for projection at stage, hall, lecture theater.

### DURABLE

Make of high quality steel in hexagonal structure, offering high housing strength in preventing twist and bending due to motor and its own weight.

### WOODEN BOX

For better protection against the risk in transportation for either container or LCL shipment, wooden box will be provided upon customer request.

### HEAVY DUTY MOTOR

Large scale tubular motor delivers sufficient torque and stability to sustain the weight of roller and fabric. Built-in thermal overload cutout is integrated for extra safety protection.

### BEARING SUPPORT

High quality ball bearing is being used to support the roller. It reduces noise during operation and significantly enhance the product lifetime.

### IN-LINE SWITCH

In-line control switch offers the simplest operation.

### Specifications
