Perfect Recessed & Easy Operation
With engineering aesthetics design, GPCK Recessed Ceiling Motorized Projection Lift can integrating into indoor decoration perfectly.

**GPCK MA Series**
- **Recessed Ceiling**
- **Motorized Projector Lift (Ceiling-in)**

- **GPCK MA1100**
- **GPCK MA1200**
- **GPCK MA1350**
- **GPCK MA1410**

  - **Maximum Weight Capacity:** 15kg
  - **Length:** 170mm
  - **Voltage:** 220V/50Hz
  - **Window Frame:** 669x169mm

**GPCK MB(B) Series**
- **Small Recessed Ceiling Series**
- **Motorized Projector Lift**

- **GPCK MB1000B**

  - **Double-Positioning**
  - **Automatic Balancing Mechanism**
  - **High-Strength Aluminum Linkage**
  - **Complete Protection**
  - **Ornamental Baffle**
  - **Cable Management**
  - **Yoked Control**
  - **Maximum Weight Capacity:** 12kg

**Boke Mechanism**
The Boke Mechanism is designed when the dropper is blocked, the motor will seek out of the dropper, if the dropper is obstructed by obstructions, the obstructions will be automatically pushed out to prevent the falling of the lid and to protect the security in high-temperature conditions.

**High-Strength Aluminum Linkage**
High-Strength Aluminum Linkage is imported from Hong Kong excellent brand, and it can reduce the lift weight and keep the balance.

**Complete Protection**
Complete Protection prevents the projection equipment against the impact of gravity and avoid the bulging of the ceiling.

**Ornamental Baffle**
Ornamental Baffles precisely with different types of ceiling, when installing the case, it may contain cover for the fasten place.

**Multi-Controller Systems**
Multi-Controller Systems are available (RF Remote Control, PLC101-003, Wall Bracket)
