Remarkable Series Whiteboard Screen

Size: 60" - 150"

Product Features

Whiteboard structure

Multi-Layer Structure

①Nanotech Coating +②High Density PET

The optical microgroove surface with diffusion reflection is hot spot free. It provides a flat, ideal surface for short-throw projectors. For example perfect grid lines can be seen on spreadsheet documents with a viewing angle of 120 and gain range of 1.2

Basic Structure

③Steel Panel +④Aluminum Honeycomb +⑤Steel Panel

Consisting of a double layer of steel panels sandwiching an aluminum honeycomb layer, this design ensures an ideal, neid flat surface, It is magnetic, fire retardant, water resistant and mold resistant.

Magnetic Surface

Sliding Adjustable Installation Bracket

Sliding Marker Tray

Hot Spot free

Writable and Erasable Surface

Rigid Corner BraSupport Backrest and

Specifications
