# ViewSonic®

PROJECTOR
PX800HD

Key **Features**

Best in Class Movie colour | Smooth Colour Gradient | Precision Cinematic colour | Professional Image Calibration | Ultra-Short Throw Allows for Ultimate Flexibility

Product **Description**

ViewSonic's PX800HD is a 1080p ultra-short throw projector equipped with ViewSonic's exclusive Cinema SuperColor™ technology and a 6X Speed RGBRGB color wheel that deliver incredible Rec.709 color accuracy and razor-sharp imagery for an exceptional visual experience. With its 0.22 ultra-short throw, the projector's cinematic color can be projected onto a 100" screen from as close as 15cm* away, for short throw projection that fits seamlessly into any home entertainment space. PX800HD is ISF certified and allows users to enjoy a cinematic experience anytime by utilizing specialized modes for day and night. PortAll® compartment is specially designed for using wireless devices and PC sticks to stream content. Stunning image performance combined with flexible integration certainly make PX800HD the ideal ultra-short throw projector for home theater entertainment. *The actual distance may vary based on environmental conditions
