Product Description

The PX747-4K is a high brightness 3500 ANSI Lumens 4K Ultra HD projector for living room entertainment. Packed with 3500 ANSI Lumens of brightness, this projector is guaranteed to project high quality images in any lighting. PX747-4K leverages the latest XPR technology to project 8.3 megapixels of true 4K Ultra HD resolution for maximum big screen detail. The projector supports HDR and Rec. 2020 enhanced content to produce highly detailed images with more information in the darker and brighter part of a scene for an unmatched viewing experience. Dual HDMI inputs offer quick connection to an array of devices, while the integrated USB power supply can be used as a power source for connected dongles and devices.
