ViewSonic®

PROJECTOR
PX725HD

Key **Features**

Bold Cinematic Color | Smooth Color Transitions | Professional Image Calibration | Powerful Sound | Cinematic Color Schemes

Product **Description**

ViewSonic's PX725HD is a 1080p projector with stunning color performance delivered via a 6X Speed RGBRGB color wheel and ViewSonic's exclusive Cinema SuperColor™ technology. PX725HD projects razor-sharp images in incredible Rec. 709 color so you can experience movie scenes with the same cinematic color that the director intended. Personalized image customization is made possible via ISF certified calibration, which enables technicians to fine-tune projector settings to match your usage and preferences. PX725HD's innovative vColorTuner color profile exchange tool takes customization to the next level by allowing users to exchange specially created color profiles to deliver a more versatile cinematic color experience. Updating PX725HD software is made simple via ViewSonic Projector Software Update which is available online and enables you to keep your projector firmware up to date conveniently and easily. Dual HDMI ports and SonicExpert technology allow you to experience excellent HD video and audio in the comfort of your living room, making PX725HD a complete home theatre projection solution.
