## FAULT ANALYSIS AND REMOVAL

- Press "UP", "DOWN" or "STOP" button on the remote handset, if the instruction light fail to response, connect your remote handset to an USB cable, then plug your cable into a powered USB hub, docking station, or other accessory to recharge.
- If remote handset can't learn the code, please delete the code and learn the code afresh.(For detailed methods, please refer to Code Erasion in page 7.)
- When screen can not work by remote handset, relay of receiver board has "click" sound, please open end cap and check whether wiring is good or not, if wiring has no problem, please replace motor. If the relay of receiver board has no response, please replace receiver board.
- When screen can't work with projector Synchronizer(optional), press the learning button at the end cap of the screen, the screen will auto-matically up and down once, press the SET KEY on the Synchronizer, check whether the LED LIGHT flashing or not. If no response, please replace the Synchronizer.

## TOPVIEW PLUS GIANT MOTORIZED SCREEN

## USER MANUAL

## TO THE OWNER

Thank you for purchasing our quality screen uses excellent matte white fabric and mechanical components to give you trouble free enjoyment for years. Please read this specification detailedly before installation and usage. Design and specifications are subject to change without notice.

### ⚠ SAFETY GUIDE

1. When assembling, it is forbidden to stand underneath the screen to avoid any hazard. Expansive bolt should be firmly punched and fixed into the wall or ceiling.
2. Be sure the screen is connected with grounded outlet to avoid any possibility of electric shocking.

### ⚠ REMARK

1. Do not run the screen continuously over 4 mins (Overheat protection feature would stop the motor in case of overheat. You may operate the screen again after the motor cooled down in about 20 minutes).
2. Do not scratch or fold up the fabric.
3. After usage, please check and confirm the cleanness of the screen, surface before retracting the fabric.
4. Matte white surface is washable with a soft towel moistened with water or weak alkaline detergent diluted liquid (Do not use alcohol or ether liquid to wash).
5. Caution: The Screen's Black Top Drop is already set to its maximum drop distance. There is no extra Black Top Drop in the roller. Please be aware of this, as it will void your warranty. Unapproved changes or modifications to this unit are prohibited and will void your warranty.

Parts	Ash	Impurity
Casing	Rid the little dusty with feather duster	Clean with a mild soap solution, then dry with cotton cloth, take care to avoid casing scratching
Fabric	Clean the dusty with feather duster	Brush the dirty with cotton cloth
